SAN CARLOS DAM

The Bill Providing for Its Construction.

After the Public Lands Have Been Reclaimed the Surplus of Water May Be Sold to Settlers.

WASHINGTON, Dec. 8.—(Special Correspondence of the Republic.)—The following is the bill introduced by Representative Reeder of Kansas for the construction of the San Carlos reservoir:

That the secretary of the interior be, and hereby is authorized to enter upon the construction of the following described works for irrigation of arid and semi-arid lands:

For a reservoir on Gila river in the territory of Arizona at a favorable point near the San Carlos Indian agency, for storing the flood waters of Gila river, the water stored to be used first for the benefit of the Pima, Papago and Maricopa Indians for irrigating the lands of the Gila river reservation, the stored waters in excess of the needs of the Indians to be used for reclaiming the irrigated vacant public lands; and also for acquiring and preparing the dam site and for continuing the measurement of the daily flow of water in Gila river; for preparing detailed plans necessary for advertising for bids for various classes of work connected with the construction of the dam and its appurtenances, and for beginning the same; also for surveying, locating, and preparing plans and estimates of cost of construction with Indian labor of the necessary canals for carrying the water from said reservoir to the lands to be irrigated; for examining, surveying, and designating the vacant public lands which can be irrigated with the stored water from said reservoir in excess of the needs of the Indians, the sum of three hundred thousand dollars.

Sec. 2. That for a system of reservoirs upon the headwaters of the Truckee and Carson rivers, situated within or adjacent to the state of California for the irrigation of desert lands lying wholly or in part in the state of Nevada; for acquiring and preparing the necessary land for reservoir and dam site and other works connected with the operation of the reservoirs; for continuing measurement of daily flow of water in the rivers; for preparing detailed plans and specifications upon which bids may be received for various parts of the work and for beginning the same; for surveying and marking the lands which will be benefited by irrigation from the water stored in said reservoirs, one hundred thousand dollars.

Sec. 3. That upon completion of each irrigation project supplying water for lands designated by survey, the total cost of the completed work shall be ascertained and the amount divided pro rata per acre of the lands to be irrigated thereby, and said amount shall be made a charge against the lands as the cost of a right to use of water from said system of irrigation, and that said public lands shall be subject to homestead entry after notice by the secretary of the interior upon the condition that in addition to the requirements of the homestead act the entrymen shall make payment to the government of the cost per acre of right to use water as above ascertained, said payment to be made in not to exceed ten annual installments, and each entryman shall be limited to the entry and settlement of eighty acres or such lesser amount as the secretary of the interior may designate. The actual occupation and cultivation of the land shall be a requisite to obtaining title.

Sec. 4. That in case the water thus provided shall be more than sufficient for the reclamation of public lands, or if land in private ownership has been found by survey to be better suited for the utilization of the stored waters, or if there is sufficiency for both, then the right to use such water may be sold to settlers at the rate as above ascertained and under the same terms. But no water right shall be granted to any landowner or occupant for an amount exceeding eighty acres.

A New Year's Guide.
There is one book every one should make an effort to get, for the new year. It contains simple and valuable hints concerning health, many amusing anecdotes, and much general information. We refer to Hostetter's Almanac, published by The Hostetter Co., Pittsburgh, Pa. It will prove valuable to any household. Sixty employees are kept at work on this valuable book. The issue for 1902 will be over eight millions, printed in the English, German, French, Norwegian, Swedish, Bohemian and Spanish languages. It contains proof of the efficiency of Hostetter's Stomach Bitters, the great remedy prepared by the publishers, and is worthy of careful preservation. The almanac may be obtained free of cost, at any drugstore or general dealer in the country.

At the Fuller School.
The following exercises will be rendered by the pupils of the Fuller School, District No. 10, on December 24, 11 a. m., after which school will dismiss for the holidays to reopen on January 8th, 1902.

Parents and friends of the pupils who would desire to hear them are extended a cordial welcome.

COUGHS AND COLDS IN CHILDREN.

Recommendation of a Well Known Chicago Physician.

I use and prescribe Chamberlain's Cough Remedy for almost all obstinate, constricted coughs, with direct results. I prescribe it to children of all ages. Am glad to recommend it to all in need and seeking relief from colds and coughs and bronchial affections. It is non-narcotic and safe in the hands of the most unprofessional. A universal panacea for all mankind.—MRS. MARY R. MELKENDY, M. D., Ph. D., Chicago, Ill. This remedy is for sale by Brockway's Pharmacy.

A Good Cough Medicine.

From the Gazette, Toowoomba, Australia.

I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has effected a cure. I have great pleasure in recommending it.—W. C. WOCKNER. This is the opinion of one of our oldest and most respected residents, and has been voluntarily given in good faith that others may try the remedy and be benefited, as was Mr. Wockner. This remedy is sold by Brockway's Pharmacy.

Notice to the Public.

I am compelled to have cash for meat in order to liquidate my accounts. Hereafter bills must be paid on the last of each month. This means everybody, regardless of friendship or politics. If bills are not paid promptly on the first of each month do not ask for further credit for you will certainly be refused.

I Coughed

"I had a most stubborn cough for many years. It deprived me of sleep and I grew very thin. I then tried Ayer's Cherry Pectoral, and was quickly cured."
R. N. Mann, Fall Mills, Tenn.

Sixty years of cures and such testimony as the above have taught us what Ayer's Cherry Pectoral will do.

We know it's the greatest cough remedy ever made. And you will say so, too, after you try it. There's cure in every drop.

Three sizes: 25c, 50c, \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing.
